Carol Brown

Carol Brown was in a charitable giving quandary when she joined Impact 100. When she left Pelham, NY, after living there for 40 years, she realized she no longer had the intimate knowledge of the needs of local nonprofits. She knew about Impact 100 and felt it was the perfect solution. She contacted Jan Pillard, who spoke very highly of Impact and confirmed her positive impressions. She decided to join and let Impact do the research and, based on this information, make her decisions! Carol was born in India and grew up in the Netherlands. After boarding school in England, she went to Manhattanville College in Purchase, NY. After college, she married, had four children and lived in Pelham, NY, just a half hour north of Manhattan. She now spends her time between Amagansett, N.Y. and Sea Oaks, where she has had a condo for more than 20 years. Carol owned a residential real estate company in Pelham for over 30 years. After her husband passed away three years ago, she sold her real estate company and is now a six-month resident of Vero!
