

Meet the Board

Peg Regan

Peg Regan graduated from Rutgers University with a BA in computer science and a minor in chemistry. She spent more than 15 years working in the pharmaceutical industry, and in 1996, she founded and led a clinical trials technology firm for more than 18 years, culminating in a successful exit when the firm was acquired in 2014. Since then, Peg has served as an advisory board member and fundraising partner to organizations of all kinds, including Massachusetts Down Syndrome Congress (MDSC), the Cambridge Trust Company, and Share our Strength - NoKidHungry. Wintering in Vero since 2004, Peg and her husband Bill sold both of their homes in MA and Vero and built a new home in Central Beach on the Indian River Lagoon. As a new board member, she is excited to focus on strategic planning to prepare the organization for even better future growth and success. In addition, Peg currently serves as an advisory board member with Indian River Land Trust and on the Green Committee at The Moorings Y&CC.
